□ Another bridge to cross... the cadets march on

Cadets on the march

A team of air cadets from Luton's Icknield Squadron of the ATC (below left) joined marchers of all nationalities in Holland for the annual World Marching Festival.

The recent Nijmegen International Four

Day March — over 100 miles — has a history stretching back to 1909 when it began as a competition between soldiers.

Only about 20 or so air cadet teams from the country were selected.

□ LUTON'S Mitalee Youth Association staged the second Bangladesh Festival in Bury Park Community Centre this week. Stalls, exhibitions, a talent contest and a group of performers from the Asian state helped put across the cultural message.

It was organised in conjunction with Beds County Council, Luton Council, Eastern Arts and Luton Arts Council. Pictured at the Festival is Bangladeshi county councillor Mohammed Ramizali and the mayor, Cllr Jose Fensome.
